BRISBANE GROUP RECEPTIVE TO DC COUNCILMAN

JUVENILE VANDALISM at the Daly City pound during the past month has resulted in extensive damage to the building at the end of Thiers street. Here shown is the broken window through which youngsters entered the pound on one occasion and turned loose several dogs and cats. City Engineer Cyril Weiler said today that the damage would be repaired next week. Work will include eliminating some of the windows and covering others with heavy mesh. THE RECORD photo

Hupf Details Annex Facts To Over 100

Receptive crowd of over 100 Brisbaners heard Councilman Paul Hupf and City Manager Howard Stites cite advantages to be gained by annexation to Daly City at a meeting of the Brisbane Homeowners association Tuesday night.

Both officials emphasized that they were not advocating annexation but only wanted to present "the facts" on Daly City government and services. They stressed that final decision would be up to Brisbane voters.

Hupf, in addressing the group, spoke of the "great potential of the merger," saying that "unification of the two communities defies imagination."

He continued that the fundamental reason for government is to supply services at minimum of cost. Brisbane residents now pay $1.47 for police and fire protection alone, while total levy against Daly City taxpayers is only $1.48 per $100 assessed valuation, Hupf declared.

"One Penny More"

"For only one penny more Daly City residents received all services provided by the city," the councilman stated.

Later Hupf declared that the county tax rate paid by Brisbaners amounts to $8.09 per $100 assessed valuation, while combined city and county rate paid by Daly City residents amounts to slightly over $7.

"In the past few years we have been working to streamline the city," the councilman told the crowd. Instances cited were street repaving in the old section, park beautification program, plans for construction of a second library without incurring bonded indebtedness, placement of professional and experienced persons in key posts and initiation of various surveys.

Revenue Producer

Expanding on the last instance cited, Hupf told of a survey now being conducted to determine water potential in the city. He explained that the water system is a revenue producer in Daly City and called the operation "one of the two finest in the state."

The councilman then boasted of the city's budgetary control system, which this year resulted in $100,000 being saved from general operating revenues. This money reverts to the capital expenditure fund and will later be used for a specific project without need for a bond issue.

Another advantage which might

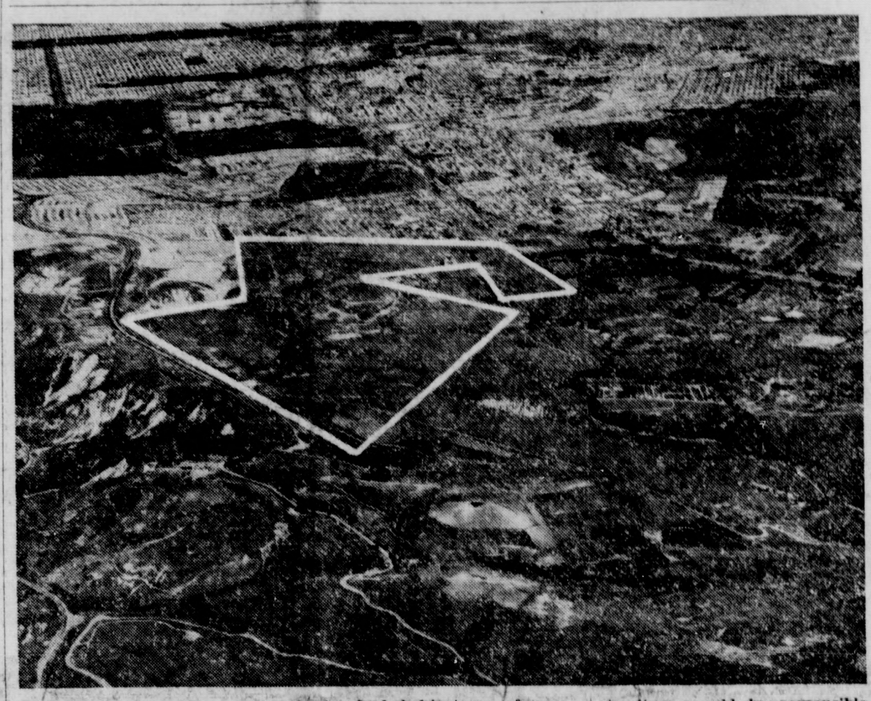
McKEON, COUNCIL AGREE ON TERMS OF ANNEXATION



ANNEXATION of the McKeon subdivision (outlined) to Daly City appeared almost definite today as city and Zita corporation officials granted "unofficial" approval to annexation proposals. Included in terms of agreement were pledges by the corporation to donate a community center and additional land sites to the city. Cris and George McKeon also promised that the territory would be responsible for existing bonded indebtedness in the city. The subdivision, which will ultimately house 8000 persons, will include approximately 27 acres of commercial property.

Developer Pledges Rec Sites, Community Center To Daly City

Daly City annexation of the valuable McKeon subdivision moved a step nearer today with the city council's decision to grant unofficial approval to terms presented by the Zita corporation.

The annexation proposal, which was made public at an adjourned meeting of the council yesterday morning, was termed by Mayor Joseph J. Verducci as "exceedingly beneficial to the city and one which certainly will not hurt the McKeons."

Formal action by the city must wait boundary approval of the 365-acre area by the county boundaries commission. Probable date for consideration by the commission is at the September 20 meeting.

In the proposal offered by Chris and George McKeon, the corporation agrees to provide the city with two acres for "municipal purposes." Also stated is that "it is the intent" of the corporation to give to the city any land which is not suitable for subdivision purposes but which will not exceed five acres.

Community Center

In addition the McKeons agree to build a community center building at their expense on city-owned property. The building is to be a single story frame construction and contain 2000 square feet. Plans for the center will be drawn by the corporation which will construct the building when the annexed area is 85 per cent occupied.

"This was the one proposal we sweat blood over," laughed Chris McKeon, while the council reviewed the terms.

Two developed lots, with a total area of approximately 66 by 100 feet, to be used as a firehouse site, also are promised the city by the corporation. The lots shall revert to the corporation if a firehouse is not erected within five years after the annexed area is 85 per cent occupied.

Two other sites given the city free of charge would be used for well and reservoir areas.

Bond Responsibility

McKeon t erritories would be responsibilities for all existing bonded indebtedness of the city.

Lots, on which George McKeon said earlier would be built $16,000 to $25,000 homes, will be a mini-

Bookie Dino Donati Jail Term Vetoed

Superior Court Judge Aylett Cotton Monday stood by his original decision to sentence bookmaker Dino Donati to a fine of $500 and three years' probation.

The judge's refusal to change the sentence from the one first given two weeks ago came despite arguments by the district attorney and probation officer that Donati be sent to jail. Judge Cotton agreed two weeks ago to delay announcement of the sentence until submission of the probation officer's report.

Recommending the jail sentence Monday were both Probation Officer Thomas G. Anderson and District Attorney Chief Deputy Howard Hartley.

Anderson told the court that Donati, 36, 19 Castlemont avenue, had admitted that he set Mrs. Marie Hammel up in the bookie business at 1171 Brunswick street. Anderson also declared that Mrs. Hammel made only $135, of which he took from $30 to $35.

Daly City police and district attorney's officers alleged that the operation was being run on a much bigger scale, quoting figures up to $1000 a day.

District Attorney Keith Sorenson told the court that he had a sworn statement from a man claiming he lost $11,500 in two months time "betting on horse races."

Donati, a local pinball machine operator, was arrested in May after police raided the Hammel Brunswick street residence where they found evidence that Donati was tied in with the operation.

Judge Cotton gave Donati a month in which to pay the fine.

School Board Approves New Adult School Idea

Full backing for a move to institute a new Adult Night School program was given by the Jefferson Union High school board of trustees Monday night following a proposal by Principal John Mongan of Jefferson High.

Mongan reported that John J. Ivan, Jefferson Dean of Boys, was interested in establishing a new program providing there is ample response in this area.

Authorized by the district to determine if there is enough interest to justify the program, Ivan would introduce a curriculum to serve all parts of the district. His idea is to organize classes in several areas where response is sufficient. Elementary schools would be used as class sites instead of continuing the old policy of having all the classes at Jefferson High.

Mongan emphasized that the adult program would be designed to serve all regions of the district instead of concentrating on the central area as in the past. Superintendent Morgan also pointed out that people outside the district would be eligible for enrollment.

The Adult School curriculum would include classes in public speaking, typing, home economics, child psychology, civics and many other practical courses.

Freak Accident Hurts Two Riders

A freak car accident sent two women passengers to Junipero Serra hospital Tuesday after their vehicle rolled over a 10-foot embankment on East Vista avenue and ended up in a used car lot on Mission street.

The mishap occurred when the car's driver, Enrique Espinosa, 17, 234 Duncan street, San Francisco, attempted to jump back into the driver's seat after pushing the stalled vehicle to the top of Hillside boulevard and East Vista. The car door was locked, however, and the car bolted wildly down the hill.

The youth's mother, Mrs. Ofelia Espinosa, 45, suffered a broken leg and a broken nose. His grandmother, Prudencia Pfaellen, 64, suffered a concussion and a scalp wound requiring 18 stitches.

Council Approves Two-Hour Parking Meters On Brunswick

Two-hour parking meters will be installed on Brunswick street as a result of action by the city council Monday night.

Vote was three to two in favor of the measure with Councilmen Micheal DeBernardi and Sanford Vickers opposing the move. Vickers stipulated that he favored the two-hour time limit but was against installation of meters.

"People park on Mission street all day by putting nickles in every hour," Vickers declared, in predicting the same situation for Brunswick street.

City Manager Howard Stites argued, however, that experience shows that the inconvenience of inserting money throughout the day stops the all-day parking.

Councilmen who voted in favor of the measure said they did so to prevent out-of-towners from driving into Daly City, leaving their autos and taking public transportation into San Francisco.

Thief Foiled In Raid On Casbah

An impatient thief fled empty handed from the Casbah night club early Monday after forcing the father of the club's owner into a storeroom while he raided the premises.

Herb Trimble told police he discovered the cash drawer atop the cash register when he entered the club about 7:45 a.m. to clean up the place. He then came upon the intruder hiding behind a door.

The unwelcome visitor, who covered his face with a sweater, flashed a .32 caliber pistol and demanded to know where the money was located. Trimble told him he didn't know and then was ordered to remain in the storeroom.

After waiting about 15 minutes, Trimble left the storeroom and found that the thief had vanished. Nothing was reported missing, however.

Police said the thief entered the building at 6192 Mission street by climbing to the roof on the rear stairs and forcing open a window leading to the attic.

County Studies City's Request On Court Fines

San Mateo County Board of Supervisors have agreed to study the proposal made Tuesday by Councilman Del Wilson requesting that Daly City be allowed to keep a larger share of its fines and forfeitures collected in municipal court.

Wilson, claiming "we need every nickle we can get our hands on," charged that present require-

Record Breaking 8940 Pupils Prepare For School Opening

An all-time record number of aprpoximately 8940 students will report to the opening session of the school year in Daly City on Tuesday, September 11.

The bulging enrollment consists of 5690 Jefferson elementary youpngsters, 2150 Westmoor-Jefferson high students, 400 pupils at Holy Angels and Our Lady of Perpetual Help and 300 students at Our Lady of Mercy.

Increases in school population over last year's figures are: Jefferson elementary, 791; Jefferson high school, 404, and Our Lady of Mercy, 50.

Since Westmoor and Jefferson high school students will be on half sessions this year, two class schedules will be enforced. Westmoor students will attend classes from 7:45 a.m. to 12:15 p.m., while Jefferson students will start the school day at 12:30 p.m. and con-

Ignore Daly City In Plans For Coastside Dump Arbitration

Lionel Spencer, co-chairman of the committee opposed to establishment of the proposed Bernardi ranch garbage dump, said today that his group will attempt arbitration between the Coastside Scavengers and Anthony Pitto, former scavenger company partner and owner of the present dump.

The spokesman also declared that his group would continue to fight against Daly City dumping its garbage on any portion of the North Coastside.

Both the Coastside and Daly City firms have submitted applications to the county planning commission for permission to establish a fill and cover operation on the Bernardi ranch property.

Rules Out Reconciliation

Announcement by Spencer concerning possible arbitration came despite a claim by Raymond H. Levy, attorney for Coastside Scavenger Partners Mario Torrigino and George Giordano, that there is "no chance for reconciliation" between his clients and Pitto.

Levy, speaking at a meeting Saturday afternoon, compared the situation to a tenant forced to remain in a home against his will.

"You are a tenant in a building," he stated. "Do you feel you should be compelled to stay there against

Daly City Police Officer Wins High Heroism Award

CHARLES TERRY ACCORDED HONOR AT COP DINNER

Daly City Police Officer Charles L. Terry was presented the meritorious conduct award for heroism at the recent annual dinner of the Peninsula Police Officers association.

Award to the 32-year-old officer marks only the fourth time within 28 years that the high honor has been granted.

Terry, 152 San Bruno avenue, was accorded the trophy and citation because of his daring rescue of a San Francisco youth from the rocky surf near Thornton Beach last October 9.

The October incident began when a 14-year-old San Francisco boy, Roy Greene, with two companions, bicycled to the coast. Leaving his friends, Green decided to explore a cave in the side of a 150-foot cliff three-quarters of a mile south of Thornton Beach.

Rising tides trapped the youth before he could escape to safety.

His two companions reported Greene's plight at the Town and Country market where employees notified police.

Terry, responding to the scene, stripped off his clothes and plunged into the surf. In three at-

be gained by annexation is use of state subventions or in lieu taxes by the Brisbane area. Gasoline taxes alone might result in $55,000 per year being returned to Brisbane if the area were part of a city, Hupf estimated.

"Intangible Services"

Later in the meeting City Manager Stites elaborated further on advantages of being part of Daly City. He dealt primarily with the "little, intangible services" available in Daly City and cited police and fire department aid in lockouts and lost children as examples.

Many of the questions asked by the audience on specific engineering problems, legal technicalities and bond repayment details had to go unanswered. Hupf explained that replies to these problems must wait completion of a survey to be conducted next month by Daly City.

Suggestion from the audience that Brisbane conduct its own survey on the possible annexation was turned down after Association President Howard Fifield declared that "it would cost the group money to hire men who know what they're doing."

Ending the meeting, Brisbaners gave their association officials a vote of confidence for helping to initiate the study. Members stood to cast their ballots, and according President Fifield, "only one person stood up to vote no, and he sat down real quick."

WESTMOOR HIGH school is about 35 per cent completed, District Superintendent Edward Morgan said today. The superintendent explained that most of the work so far is underground and therefore might not appear to be progressing as rapidly as announced. The school is scheduled for completion on July 1, thus allowing for opening in the fall of next year. "Westmoor" students are this year attending sessions at the Jefferson Union High school plant.

ment of Daly City turning over 24 per cent of its proceeds to the county is "inequitable."

Wilson cited statistics showing that last year Daly City received $37,778 as its share of fines and forfeitures. During the same period, he pointed out, San Bruno, which gives the county 13 per cent, received $39,824. South San Francisco, paying the county 12 per cent, kept $60,689, he continued.

Wilson reminded the supervisors that San Bruno's population is less than Daly City's and South San Francisco has a population of only 5000 more.

In order to change the percentage formula, an amendment to the state penal code by the legislature would be necessary. Percentages were originally based on a comparison of operating the old city police courts with revenues in each city. Percentage in San Mateo county currently range from a high of 75 in Hillsborough to a low of 7 in Belmont.

The shares paid to the county are to pay for costs of operating the municipal court.

Los Angeles Suicide Victim Identified By Daly City Mother

A Daly City woman this week identified a young woman who leaped to her death from a Los Angeles hotel room on August 10 as her daughter.

The mother, Mrs. Dorothy Norris of 778 Brunswick street, told police she could give no reason for the suicide of her daughter, Dolores, 21, of 2825 Van Ness avenue, San Francisco.

Miss Norris registered at the Los Angeles hotel as Rose Lampson and gave a fictitious address of 1786 Rhode Island street, San Francisco. Following her plunge, officers found that she had removed all identifying labels from her clothes and luggage.

tempts to rescue the boy, the officer suffered repeated cuts and bruises when he was dashed against the rocks.

Upon finally completing the rescue, Terry and the youth were taken to Junipero Serra hospital. Greene was treated for shock and exposure, while the officer was hospitalized for a cracked rib and multiple cuts and bruises.

Decision to grant the meritorious conduct award to the two-year veteran of the Daly City force came after a committee of association officers reviewed a report of the incident prepared by Daly City Police Chief Roland Petrocchi. Although several such nominations are made yearly, fact that only four awards have been approved in 28 years is evidence that the honor is not lightly given.

Official presentation was made by William Costello, association president, at the dinner held at the Villa hotel.

WHAT'S DOING
Thomas R. Gilbert, your Telephone Manager in Daly City

It's more than a job—it's a career

Did you know that one out of every five telephone men have been with Pacific Telephone over 20 years? One out of four telephone women have been with us over ten years. Many have been with us much longer. For a telephone job is much more than just a job. It's a career. And as telephone men and women gain valuable experience, they move up to jobs with more responsibility. This gives all of us at Pacific Telephone a sense of accomplishment. And it means that your telephone service is always in the hands of well trained, experienced people. It means better service to you. The men and women of Pacific Telephone work to make your telephone more useful every day.

They'll be as close as your telephone

Well, they'll soon be packed up and off to school. And then the slam-bang activity that's been going on all summer will slow down. Sure, it'll be peaceful. But it's a good bet, too, that you'll be happy to hear their voices often. So why not plan now to make regular telephone visits with your boy or girl away at school this coming semester. You can tell them to call home collect, too. You'll be surprised to find how low long distance rates really are, especially after 6 o'clock on weekdays and all day Sundays.

There's been nothing like the Republican Convention to bring up problems in communications, be it telephone, teletype or television.

TV channels to the Cow Palace, scene of the San Francisco convention, have been increased from two to 40.

Some 1000 telephone circuits were installed where there were only a few at strategically located points.

Add to this some 200 radio channels, 335 lines for teletype sets, 20 telephoto circuits, and you get an idea of the mammoth job faced by Pacific Telephone so the nation could follow the GOP activities.

The telephone company not only met customer demands for the convention but at the same time made needed additions to its permanent facilities.

For example, construction jobs previously scheduled were pushed ahead to benefit both convention goers and regular telephone customers.

In this group were the new San Francisco-Los Angeles coaxial cable, and the Sacramento-Portland microwave system which will carry convention telecasts to millions and also open hundreds of new long distance telephone circuits along the west coast.

And the temporary communications equipment, such as extra phone booths, teletype sets and microwave transmitters, will be reused in other telephone company projects once the Republican delegates head for home.

Levy continued that "all of the hulabaloo" in the dump site controversy "was created by Pitto so that the scavengers would be forced to continue using the Pitto site."

"Selfish Desires"

In a statement on the situation, Levy alleged that "Pitto obviously desires to eliminate competition for dump sites to protect his own selfish desires as his permit to maintain a dump expires at the end of this year and to require users of dump sites to use his site at whatever rate he may see fit to demand, regardless of how exorbitant."

Giordano and Torrigino bought the Coastside Scavenger company earlier this month at public auction held under court order. Rent presently paid Pitto of $200 per month plus four cents per customer was established by the court and is much lower than "exorbitant" rental demanded by Pitto, Levy declared.

No Connection

The attorney then turned to claims that Daly City Scavenger President Al Sereni has an interest in the Coastside Scavenger company. This Levy emphatically denied, stating that joint signing of petition for the Bernardi dump site was "mere convenience."

Meanwhile, Spencer said that approximately 1500 signatures had been gained on petitions opposing the Bernardi site.

Water District Protest

Robert F. Bryant, chairman of the board of the North Coast County Water district, also announced this week that his group would oppose the dump. Unanimous decision of directors was based on the fact that San Pedro creek lies in the district water shed. According to Bryant, a fork of the creek is on the proposed dump site.

The district has the right to use fifty per cent of the water in the creek but would not be able to do so if the water is contaminated, the chairman explained.

Copies of his letter were forwarded the county planning commission, board of supervisors and the health department.

McKeon, Council Agree On Terms Of Annexation

(Continued from Page 1)

mum of 3000 square feet with a minimum frontage width of 33 feet.

Commercial development, details of which are still to be announced by the McKeons, will be confined to approximately 27 acres fronting Junipero Serra boulevard. It states in the annexation proposal that "it is the intent of both the city and the corporation that this area be zoned commercial."

Although it is clearly defined that water service rates in the annexed area will be the same as existing in the rest of the city, a water assessment district will be formed for the purpose of reimbursing the corporation for the cost of water facilities. The corporation will be repaid within ten years at an interest rate of 2½ cents per annum for water transmission lines installed by the McKeons.

Provision for the possibility that water sources other than Daly City's might have to be used is made in that "rates will be adjusted accordingly in view of the different cost factors required." This prospect was said to be extremely unlikely.

Only Dissension

Only dissension during the meeting arose over the subdivision's annexation to the North San Mateo County Sanitation district. Although McKeon has agreed to pay the $25 per lot fee plus incur existing bonded indebtedness, Councilman and District Director Sanford Vickers said additional revenue would be needed.

After remainder of the councilmen strenuously objected, Vickers agreed to confer with McKeon at a district meeting on September 5.

The council, however, agreed to "cooperate and aid the corporation to become annexed to the North San Mateo County Sanitation district."

Another governing body which was promised aid by the council was the Jefferson elementary school district, represented at the meeting by Superintendent H. Z. Weibel.

The McKeon property under consideration for annexation is southwest of the city and will eventually house 8000 persons. Chris McKeon announced at the meeting that the development will probably be completed in about three years. Building is due to start in three to four months' time, and first unit of homes is scheduled for occupancy in about six months.

Don L. Williams, Bank of America employee of 6257 Mission street, ended up perturbed and frustrated Monday after reporting his company car stolen.

Police located the car a few hours later at the Mobile station, 5698 Mission street. Everything was the same except the wheels. Thieves had removed all four new tires and politely replaced them with older ones.

Williams reported the car missing after parking in a parking lot on Mission street.

TV and Radio

CONVENTION HIGHLIGHTS—As the excitement of the past week dies down and many thrilling experiences remain in our memory, it is difficult to select the outstanding event during television's coverage of the conventions. But we do feel that the most impressive accomplishment was the tremendous job that television can do in covering such historical events and making us actually feel a part of them.

Everywhere throughout the Bay Area during the GOP Convention cameras were set up ready to flash any event of importance to the waiting world. We went out to the International Airport . . . there television cameras waited . . . we stood in the lobby of the St. Francis Hotel and watched as television carried an interview with Harold Stassen across the country . . . we thrilled with the rest of the city as television mobile units followed President Eisenhower's motorcade to the Cow Palace.

It would be impossible to be present in person at all of these places at once, but by television viewers were whisked to every possible location around the Bay Area where news might be happening.

It was a thrill, too, to be present at a buffet dinner hosted by KRON-TV at the Mark Hopkins Hotel for members of NBC's crew who were a part of this undertaking and did such a magnifent job in covering the convention over Channel 4.

The conventions are past, but from these gigantic operations the industry learned many lessons and developed new technical equipment and procedures that will be of immense value in the future. Television is certainly a wonder of our time as we can sit before our sets and actually feel that we are part of history in the making.

KIDDIES' CORNER—An excellent children's program seen over the TV lanes is NBC's "Zoo Parade" which is shown over KRON-TV on Sundays at 2 p.m. During the past weeks the program has featured a series of color films shot during a safari in Africa and are outstanding programs. "Zoo Parade" is a completely fascinating program and has that quality that we constantly stress in our column that children's programs can be informative as well as entertaining.

TV Guide recently issued an informative little booklet "This Was Television 1955-1956." Complete with photographs and brief descriptions of the programs the booklet is beautifully done. The introduction in the front of the book states, "We thought you might want to have this booklet to thumb through now—and in the years to come." We certainly did enjoy thumbing through it, and it brought back to memory the many outstanding programs shown during the past year. We have thought that fine television programs are only shown once and then lost forever. Now this little booklet will be a permanent record of some of the leading programs during the past year and is a welcome addition to our library.

Peninsula Bus Line Asks Hike In Fares

A fare increase of five cents for rides from Daly City to the Holy Cross cemetery area will be asked Tuesday morning when Peninsula Bus Lines presents proposals for fare hike and route changes at a public hearing in South San Francisco City Hall.

Present fare for the Daly City to Holy Cross trip is 15 cents. The current 15 cent fare for rides within Daly City will not be affected and the Daly City to South San Francisco fare will remain at 25 cents, according to A. E. Ryan of the bus company.

The public hearing begins at 10 a.m. in the Council Chambers.

Drunk Driving Count Hits Tavern Owner

Tavern owner Margaret O'Brien, 107 Visitacion in Brisbane, was arrested here Wednesday night on charges of drunk driving and operating a vehicle without a driver's license.

Police made the arrest after spotting the 36-year-old woman's car parked in the middle of Hillcrest drive and blocking westbound traffic. The woman was stopped after taking off at a high rate of speed and then flunked a sobriety test at Junipero Sera hospital.

Municipal Judge Thomas L. Bocci set bail at $750 cash.

Village Notes By Gwin Mitchell

PL 5-0679

Never saw such a traveling bunch of people as there have been in the Villages this summer! Latest survey of vacations brought in quite a bit of mileage covered. Take the Swansons on Maddux, for instance. Bill and Lois and son Jimmy (Susie and Linda were with grandma at Guerneville) started out for Mt. Lassen, and arrived there to find accommodations for just one night. So they kept on traveling; saw Mt. Shasta and went on up to Oregon. Since Lois had had her basic training as an Army nurse there at Camp White, they drove out to see it. What was once a tremendous post with hundreds of buildings is now just row upon row of bare foundations, with the barracks having been sold and moved. The hospital is now a Veterans Hospital, with beautiful grounds. The Swansons went to Grants Pass too, and stopped by Oregon Caves on the way home.

As long as we're in Medford, we can note that Fern and Jerry Jacobsen were there too. Fern's parents, Mr. and Mrs. Marshall Day, live there, and kept Joanne and Steve so that Fern and Jerry could take off by themselves on a tour of eastern Oregon, Idaho, the Columbia River highway and the Oregon coast. Beautiful it was, too, according to Fern. Then back to Medford to pick up the children and home to Second street in Daly City. The Days won't be lonesome, though; they have two more grandchildren to keep them company while their son, Lloyd Kinsey, and his wife take a four-month, twelve-country tour of Europe!

Nonette Swedberg, who lives on 90th street, was the guest of honor at a baby shower last week, given by her sister-in-law, Sophie Swedberg, at the Montclair restaurant in SF. There were about 20 people there, including friends and family from the peninsula and SF, and Kay Logan, Nonette's next door BV neighbor. We hear that the gifts were beautiful!

Elsie MacLaren of MacArthur had a different sort of vacation than most; she went to college. Actually, she attended the folk dance camp at COP in Stockton, with a schedule full of classes, handcrafts, motion pictures of festivals, etc., in other countries, and assembly periods. The latter featured programs such as organist and composer Dick Purvis. There were classes and reviews after dinner too, and, from what Elsie tells us, there was dancing morning, noon and night and in between! She plans to use some of the material when she starts her own folk dance classes again at the Colma Community Center on Friday, Sept. 7.

Introductions, Please

With so many people moving in and out of the Villages these days, we know that there are many new Villagers we haven't met yet and so we have not been able to give them an introduction in print. If you are a new resident of our towns, please call and let us meet you, or, if you are a Villager with new neighbors on your street, call us so we can welcome them.

Two birthdays are on the agenda for the week; an 8th for Carol Goodner of Stewart Street and a 9th for our own Jack Mitchell. Carol entertained her guests at the Park, with the whale bones, the planetarium and the acquarium as points of interest. There were ice cream-and-cake at the music concourse and favors at the Japanese Tea Garden. Guests were Paul Baumgartner, Jimmy and Susie Helmer, Chrissie Mitchell, Nancy and Susan Barnett, Jimmy Northrup, Joanne Bertkins and brother Chris Goodner. Jack picked a day at Marin Town and Country Club for his treat, with swimming in the pools and a hot dog roast at the picnic grounds. Friend Ricky Corso and cousin Jeff Mitchell were special guests, with brother Donny and sisters Chrissie and Nancy joining in. The hot dog roast was complete with birthday cake, smoke, and yellow jackets!

Nobody does more traveling than the stork, who stopped twice in BV lately, once on Sweetwood and once on Maddux. The Sweetwood stop was to bring Very First Baby Raymond Charles Stanton to parents Frances and Ken. The young man came complete with 7 lbs., 9 oz., a good set of lungs and as much parental pride as he could cope with! The stop on Maddux was the sixth at the Glischinski home, where third boy John Allen came to even the score for brothers Paul and Herbie. With 8 lbs., 15 oz. as a start, he will be needing all three sisters to help take care of him, which Mary Jean, Rita and Sally are more than willing to do.

Lots of excitement at the Glischinski home, too, for in addition to the new baby (Ed got home from duty in San Diego just in time to take Lorna to the hospital), Lorna's sister Sally Shreve is visiting from Spokane with her other sister Mary Morgan, up on Larchmont for a while and then will stay with Lorna until husband Joe drives down to take his three girls home.

Here And There

Sights here and there: All the activity around the Presbyterian Church getting the school playgrounds in shape for The First Day of School . . . The Frank Kovaricks busily painting their Maddux home a pretty brown . . . Harry Brown driving by, towing his "Hi-Life"—a sizeable bit of boat . . . Mike Orlich refereeing the All Star game at Kezar and then taking off for Lake Tahoe for a well-earned vacation . . . The Jon Karissons taking up residence at 516 90th street, moving from Sweetwood . . . Vince and Gloria Cauchi enjoying a variety of long weekend vacations, going to Disneyland, Hoberg's and other sundry places.

We mentioned Mike Orlich just now and would like to again. In addition to running the regular swimming classes at the Jeff Hi pool, which are a wonderful advantage for the children in this area, he also set up and coordinated the recreation programs at Garden Village and Colma Schools, so if your children had summer fun there this year, thank Mike.

Thanks are due, also, to Elman Rose and Rene Herrerias, directors of the two playgrounds, and to Alice Overstreet, Nancy Brown and Bob Lincoln, who were in charge of various departments at Garden Village School.

Many parents helped, as well; Aida Larsen was in charge of the reading room, Marian Skootsky of transportation, and Dorothy Orlich of phoning for helpers, and all the stories in the newspapers all summer came from the adept hand of Adriano Delfino. The school district gave the money and these people coordinated and directed the activities, but in addition it took the services (at various times) of all the following to see that the Village children had a worthwhile program: mothers Bartelmez, Brandt, Hagerman, Hix, Jones, Lichtenberg, Manis, Phillips, Navarro, Raymond, Rizzo, Shanoian, Suenderman, Guz, Shotts, Sisk, Whaley, Kass, Martin, Moore, Nagy, Giesecke, Porter, Beckerman, Cohen, Reuter, Beck, Murrish, Madigan, Buchanan, Krawetz, Castro, Elben, Anderson Solomon, Wheeler, McBain, Pinelli, Sinclair, Downey, Witzel, Connolly, Magnusson, Reed, Rossio, Lucke, Vocke, Hess, Long, Erickson, Balsells, Benard, Guymon, Luttringer, Lee, Swoverland, Freiberg, Warner and Rubin. And the men were there, too: Sigatas, Cohen, Unthank and Rev. Milam. We're sorry there wasn't space to put full names, but there's plenty of space for full thanks.

9200 Miles

People on Maddux who saw the coach (a truck cab and trailer body) go by with "Alaska to Monte Bello" on it were looking at the home Clifford and Theora Box lived in for 9200 vacation miles this summer. They stopped by to visit son Vern Box and his family on their way back home to southern California, after having traveled to Nevada, Utah, Idaho, Montana, British Columbia and Alaska. They fished all along the way, and said that the fishing in BC was wonderful. Once in Alaska they went through the Yukon up to Calgary, and were in time to see the Calgary Stampede, a wild west show. They went to Fairbanks and Dawson, then back to the Yukon and BC, and back home by way of the Pacific coast. The coach was quite comfortable, beequipped with gas refrigerator, stove, heat and hot water heater, an air conditioner, and plenty of sleeping and storage space for two. We were interested to hear that in Fairbanks eggs are $1.10 per dozen, milk 40c a quart, and bread 60c a loaf, and gasoline is 68-70c an Imperial gallon, which is larger than our gallon.

Charlotte Spruiell reported that the Presbyterian Women's next-to-new sale was quite a success, with everyone having fun trying on hats at the hat bar. More hats will be sold at the potluck dinner in September, and children's clothes at the bazaar in November.

Jean and Jed Cyr and family had a traveling vacation too. They left Sullivan Avenue for points north, which included Crater Lake (where they met an old church friend), Seattle, Vancouver, Hope (Canada), Grand Coulee dam (where it was hot), Spokane, Coeur d'Alene (Idaho), Reno, Lake Tahoe (where they ran into the Damons of Village Lane), Clear Lake (where they saw the Macklins from across the street), and so back home, to recover!

Winifred Senn of Sweetwood had a visitor recently—70 year old Irene Rau, who drove her new Volkswagon all the way from San Diego to spend a week here. She and Winifred visited Madeline Feist in Burlingame, entertained Jane Whitehead (Beechwood) and Nona Hansen (Stoneyford) for lunch, went to Nona's for cocktails, and had a lunch at Fisherman's Wharf. Altogether a busy, varied vacation week for two good friends to share.

GOP Confab

Before it left town, the Republican convention had somewhat to do with this area. Two delegates, Bill Warren and Johnny Johnson from South Dakota and their wives, spent an evening with Lois and Bill Swanson on Maddux during the convention week. Johnny and Bill had been in service together 14 years ago, so much catching-up talk! . . . Then Pat Stockslager of Ellis street told us she worked as a nurse for CBS personnel during That Week, and had a terrific time. She met people like CBS vice president Sig Michelson, Grant Holcomb, Lowell Thomas, Ed Murow, Eric Sevareid, Bob Trout and Charles Collingwood. She spent the mornings in the offices in the Fairmont and the afternoons at the Cow Palace, and said everyone treated her like a queen. She was able to see Patrice Munsel and Jane Powell and Betty Furness, and had a good look at the President and Vice President. Altogether a very interesting and exciting time. Pat said that those television people worked like mad and kept all sorts of irregular hours in order that the telecasts would go well.

Before we go, our apologies for our king-sized goof of two weeks ago. Adriano Delfino's brother-in-law's name is Col. Santos, not Saunders, and his first name is not Victor, either. We evidently had too much vacation; 'scuse please!

Also—there was so much news this week we'll have to finish it next week. See you then!

Two For Tonight

By Leonore Brewer

Four years ago the Council of the Living Theater joined the Theatre Guild-American Theater Society in order to assure subscribers the best shows of the theater. At that time Julie Harris pioneered the joint operation by touring in "Member of the Wedding."

Two years later, having attained star stature in "I Am A Camera," Miss Harris played every one of the subscription cities in "The Constant Wife," with Katharine Cornell.

Now, wearing the medal of last season's best actress on Broadway, Miss Harris is returning in "The Lark," the first attraction of a five-play subscription program that will include "The Chalk Garden," with Gladys Cooper and Judith Anderson; "A Hatful of Rain," starring Vivian Blaine; "The Great Sebastians," which brings the Lunts back to San Francisco; plus, we understand, "Cat On A Hot Tin Roof."

Kingmaker

Opening at the Geary September 5, "The Lark" is a retelling of the story of Joan of Arc, Maid of Orleans, who more than five hundred years ago lead the forces of France to victory and stood by the side of her reluctant Dauphin as he was crowned Charles VII at Rheims.

The following Spring she was captured by the Burgundians and sold to the English, who turned her over to the inquisitorial court at Rouen. Having tried and convicted her of heresy and sorcery, this court handed her over to the secular arm of the law, which lost no time in burning her at the stake. She wasn't yet twenty.

Her story has appealed to many writers: Voltaire, Schiller, Anatole France, Bernard Shaw, even Mark Twain, and now Jean Anouilh, contemporary French playwright. It is the latter's play, adapted by Lillian Hellman, that will play at the Geary.

Gratitude of a King

Our only experience with Miss Harris was in "I Am A Camera," in which she portrayed a maid of a different sort. Reading "The Lark," we thought of that expressive face and beautifully modulated voice in the role of the simple peasant maid who lead the armies of her king. A vacillating soul who stood aside when she needed him, he salved his conscience by annulling her sentence in a rehabilitation trial. Twenty-five years after her death at the stake.

We are convinced that "The Lark" will be an event, a worthy opener of an unusually strong season. Applications for season tickets may be sent to W. J. Zwissig at the Curran Theater.

EAGLES CORNER

By Dell Fehl

Again it is a real pleasure to state that the Aerie's annual picnic was a success. In fact so successful that we have outgrown our present park and are desirous of another site to handle the crowds.

In attendance were over 1600 Eagles and friends. Young and old alike enjoyed the day and indicated their approval in many ways.

The hot weather brought out the beer drinkers in numbers as 22 barrels were drained dry, and ironically, there were only a few persons on the tipsy side.

The younger set used 100 dozen ice cream bars and 60 cases of soda water.

It was necessary to close some of the booths because of a shortage of merchandise.

Your picnic committee certainly appreciates the attendance and takes this opportunity to pay special thanks to each of the merchants whose ads appeared in our programs.

Congratulations on the completion of the first year of operation of the North San Mateo county sanitation district were forwarded to directors last week by Harry N. Jenks, consulting sanitary engineer.

"The plant has passed through its initial year of operation with the least amount of operational difficulties of any plant in my many years of experience," Jenks related.

The building is located behind Westlake park.

DALY CITY Police Traffic Inspector Henry Sundermann and Judy Diehl tie up the last bundle of letters for the annual Peninsula Police Officers' association Ball campaign. Watching on is Ronnie Place. TICKETS GO ON SALE FOR ANNUAL PENINSULA POLICE OFFICERS' BALL

More than 176,000 tickets for the 28th annual Peninsula Police Ball have been mailed to San Mateo county residents.

The benefit event, which will be held September 22 at the Bay Meadows clubhouse, is staged each year by the Peninsula Police Officers' association.

It is the one annual appeal of association members, officers of 15 Peninsula police departments, for their benefit program. Funds raised by the voluntary purchases of the tickets that have been mailed out are used for the association's widows and orphans aid program.

The officers' group underwrites its own insurance program, which provides protection for the families of policemen.

This year's ball features two orchestras. Joe Hovey and his 12-piece orchestra will provide the music in the main ballroom. For those who prefer faster rhythms, Jack Maloney and his six-piece jazz band will play in another ballroom.

Largest percentage of students in the Jefferson Union High school district are enrolled in a general course, which offers pupils an opportunity to explore the broad field of education. A total of 32.6 per cent are signed up for this course of study.

Westmoor and Jefferson schools are almost identical in the percentage of students enrollsd for general curriculum, with 32.6 at Westmoor and 32.5 per cent at Jefferson.

Ousted Cop Files New Complaint Against Sorenson

David H. Johnstone Jr., ousted Daly City police inspector, Friday filed an amended complaint in superior court against District Attorney Keith Sorenson.

Johnstone, who is asking $125,000 in damages, claims that Sorenson libeled him when he linked his name to that of Dino Donati in a letter to Daly City Police Chief Roland Petrocchi. Donati, 19 Castlemont avenue, has subsequently been convicted of bookmaking.

Original suit filed by the former police inspector was voided when Sorenson contended that the letter to Petrocchi was privileged and therefore outside the laws of libel.

The new complaint filed Friday is identical to the first except for the addition of the words that the letter was not written "in the proper discharge or any discharge of an official duty."

Sorenson said today that he would file another demurrer and that "the face of the letter shows it was in the discharge of an official duty."

'Top O' The Hill' Event Plans Gather Momentum

With the realization that the gigantic three-day festival on "Top O' The Hill," sponsored by Our Lady of Perpetual Help church, is only three weeks away, Monday night meetings of the festival committee are beginning to gather momentum.

James Goulden, chairman, met with the various committees on last Monday to hear progress reports. Additions to the growing corps of chairmen are Charles Guigino and Mrs. Clara Fistalera who will have charge of a panda bear booth.

The festival will take place in the school auditorium and on the school grounds on Wellington avenue. It is slated for the weekend of September 21, 22 and 23.

The event, which will open on Friday night, will feature a chicken dinner on Sunday afternoon and will be topped off Sunday evening by the awarding of a two-weeks trip to Hawaii, with trips to Las Vegas and Reno as consolations for the lucky winners. Refreshments will be served at a booth presided over by Mrs. Mary Calegari and Lous Sterelli.

William Whalen and Mrs. Dorothy Petersen, who are in charge of the children's concessions, announce that plans have been made to have every form of entertainment for the youngsters that space will permit. A special section has been set aside for the children and will feature ring toss games, dart games, balloon breaking and a huge wading pool stocked with "fish" so ardent Isaac Waltons can try their luck. Whalen and Mrs. Peterson will be assisted by Mr. and Mrs. Harry Hettel, Mr. and Mrs. William Bradshaw, Mr. and Mrs. Chris Gil, Mrs. Isabelle Liberti and Mrs. Louise Bonelia. Whalen will also have a good stock of candied apples, frozen chocolate bananas, popcorn, balloons and dolls on hand so the young customers can refresh themselves between games.

Named as purchaser for the festival is Bob Leindecker, who will make arrangements for everything from goldfish to pandas.

George Calegari, who is designing the interior decorations for the Festival, is also in charge of all signs and posters. He will be assisted with the carpenter work by John Mueller.

An interested spectator at these Monday night meetings has been Father James Bergin, pastor. The affair is being held for the benefit of the parish building fund. Admission is free and the public is invited.

from Stanford. World War II interrupted his teaching activities in the physical education and social studies departments. He spent the war years as a bombardier in the Army Air Corps.

The 39-year-old Glenn attended Shasta High in Redding where he met his wife, Pearl. After showing considerable promise as a prep football player, he moved to Stanford to compete on four Indian elevens. A backfield man, South was a member of the 1941 Stanford Rose Bowl squad led by Frankie Albert, present coach of the San Francisco Forty Niners.

The Souths have two future grid stars in sons Dick, 10, and Bob, 8. The family resides at 731 Larchmont drive, Colma.

DC Braves Whack Sunset Nine, Lose To Petaluma, 10-5

Bounced for the fifth straight time by the Petaluma Optimists Wednesday, Daly City's Braves climbed right back into the win column Sunday by clobbering the South Sunset nine, 15-5.

Kelly Oliveras' booming bat paced the assault in Sunday's conquest as he stroked two singles and a double. Dennis Draper and Gordie Tydings also aided the cause with a single and a double apiece.

Starter Dick Geno was credited with the victory, allowing 4 runs on 5 hits and 5 walks. John Bachagalupi took over in relief in the sixth inning and held the opposition to a single run and 2 hits.

Ronnie Townsend and Jerry Starr each belted 2 hits for the Braves, while Mike Wills, Lou Bivilagua and Geno contributed singles. J. B. Berry, Paul Clima and Mike Kennedy also saw action.

Faulty fielding was chiefly responsible for the 10-5 setback at the hands of the Petalumans. The Braves committed 6 errors and mustered only 5 hits to support hurler Oliveras. Draper collected 3 safeties and Clima and Tydings also managed base hits.

Oliveras tossed 4 frames, yielding 5 runs via 2 hits and 2 bases on balls. Clima took the mound in the fifth and was touched for 5 more runs on 3 hits and 2 free passes. Geno was the final Brave flinger. He set down the Optimist without allowing a hit.

A spokesman for the Braves announced this week that the local nine has been accepted as an entry in the 6-team Seals Stadium League in San Francisco, with action beginning the first Sunday in October. The Braves, sponsored by the merchants of Daly City, are managed by Dean Wills and his assistant, Arthur Townsend.

400 Residents See Talent Show

First "Talent Show" presented in conjunction with the annual arts and crafts exhibit was an overwhelming success as evidenced by 400 thrilled Daly City residents who viewed the spectacle last week at the War Memorial building.

The show brought before the public an outstanding array of talented youngsters from the Daly City area. The performers were recruited chiefly through the efforts of the local music studios including Hyers Music Studio, Carol Rae Studio, Mason-Kahn Dance Studio, and Shipley and Maple School of dancing under the direction of the Daly City Recreation department.

The huge crowd sat through the entire two hour show which was studded with high caliber artists. The event was so successful that the recreation department has made tentative plans to include it each year as a regular feature of its summer program.

Honeywell Wins MVP Nod For Prep Game

Jim Honeywell added another chapter to his mounting book of achievements last Friday night in Kezar stadium as he sparked the West All-Stars to a 19-0 rout of the East Bay squad in the second annual 20-30 Club benefit football game.

The Jefferson ace was voted the game's outstanding player for his role in the triumph. Honeywell brought the crowd to its feet in the third period by racing 55 yards to score on a punt return for the final score of the evening.

Honeywell will enter Stanford University next month for his freshman year.

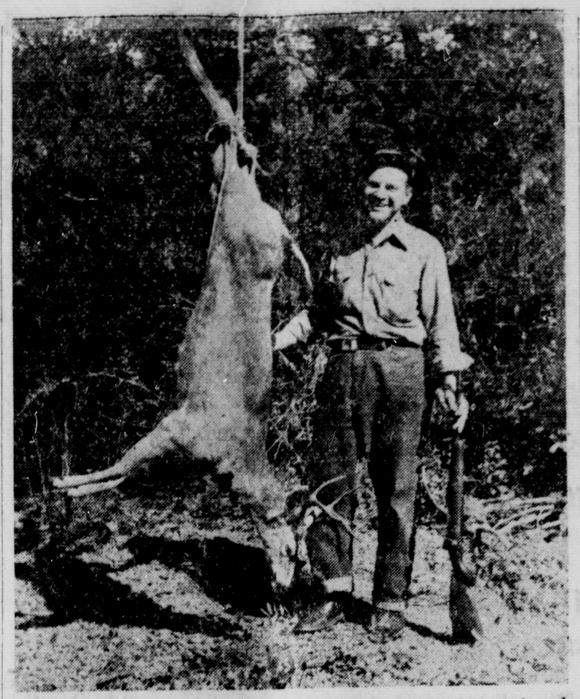
VERDUCCI ATTENDS FOOTBALL LUNCHEON

Mayor Joseph Verducci, who also is athletic director and football coach at San Francisco State, attended the annual kick-off luncheon of the San Francisco Junior Chamber of Commerce this afternoon.

Also present were coaches Lynn Waldorf of California, Chuck Taylor of Stanford, Jack Meyers of College of Pacific and Bob Bronzan of San Jose State.

The coaches were interviewed by sports writers and radio commentators throughout the session.

Verducci's Golden Gators finished with a 5-5 record last year. They open a 9-game season in Cox stadium against Cal Poly on September 22.



W. S. "PAT" PATTERSON, 842 Newman drive, Winston Manor, proudly stands beside the 107-pound forked horn buck he bagged early this month on a Daly City Rod and Gun Club hunting trip to Lake County. Patterson's opening day feat placed him ahead in the club race for a trophy at season's end. The Rod and Gun Club is planning an outing to Navarro By The Sea for silverside salmon fishing in the near future. Next club meeting is Wednesday, September 5, at 7343 Mission street, according to Bill Gurr, club president.

DALY CITY BRAVES BLAST SUNSET, 13-1

Daly City's Braves shelled the South Sunset nine, 13-1, Tuesday afternoon at Marchbanks park behind the steady hurling of Dick Geno.

First sacker Mike Wills led in the sticking department with a double and three singles. Gordie Tydings also collected three singles, while Jerry Starr, Dennis Draper, Kelly Oliveras and Paul Clima each rapped base hits.

Outfielder Ronnie Townsend retired form the contest in the third inning due to a swollen muscle in his leg. He was struck with a pitched ball in the first inning.

Geno allowed only six hits and issued six walks.

New Pisa Juniors Whip Podesta, South City Nines

Dante's New Pisa Juniors notched two more wins in the record book last weekend in nipping Podesta Nursery, 2-1, and coming from behind to stop the South San Francisco Optimists, 7-5.

Terry Christman handcuffed the Podesta nine on 4 hits in the Saturday clash at Marchbanks Park. Two errors gave the Podesta club its lone tally in the first inning following a lead-off single by outfielder Serrecchia.

Christman got out of trouble in the sixth after Serrecchia and shortstop Harris singled in succession. With runners on first and third with no outs, Terry went to work. He got Podesta on a pop fly to second sacker Duke Jones. On the next play, Mortola grounded to Christman, who threw out Serrechia at the plate. The next batter, Howell, then grounded to Georgie Claus at third and the latter fired a strike to catcher Tom McHugh to cut off another run.

Christman helped his own cause by collecting 2 hits. Richy Morales and McHugh garnered the only other New Pisa bingles. Serrechia's two hits led the Podesta squad. Harris and Souza also picked up base hits.

In Sunday's battle at Orange Memorial, the New Pisa nine erupted for 2 runs in the sixth inning to defeat the Optimists.

Pitcher Mike Wall gave up three runs in the first inning on a walk, a sacrifice and three hits. The Optimists picked up single tallies in the second and against in the fifth.

New Pisa pushed two runs across in their first frame when Terry Christman singled to drive in Richy Morales and Tom McHugh. McHugh was walked after Morales singled and stole second.

Speed merchant Morales tallied again in the third after getting on via a walk, stealing second, advancing on McHugh's infield out and then stealing home while Christman was in the batter's box.

Georgie Claus knocked in two more runs in the fourth with a single driving in Mike Wall and Barry Krohn who had singled. Krohn led off the sixth with a single, moved along on Claus' sacrifice and scored along with Morales on McHugh's hard grounder to third.

Wal weakened in the final inning but got the side out after filling the sacks on two walks and single.

Coach Harry Krohn's New Pisa lads play a doubleheader at Marchbanks Saturday. They face Podesta Nursery again at noon and the Columbia Park team at 2 p.m.
